

Old Delhi: 10 Easy Walks

Old Delhi: 10 Easy Walks makes it easy for the traveller to navigate the streets and bylanes of even the most tucked away parts of the city. Going far beyond the bounds of a conventional guidebook, authors Gaynor Barton and Lorraine Malone provide useful information on getting to Old Delhi itself as well as moving around within it, with individual maps for each walk and historical notes on the landmarks you pass enroute. Popular sites such as the Jama Masjid and the Red Fort have their own individual walks, but so does the Lothian Road, in the Civil Lines, and the beadshop heaven of Sitaram Bazaar in the southwest of the city. For regular visitors to the old city, Old Delhi: 10 Easy Walks is a useful resource, but for the wideeyed traveller who is braving the unfamiliar streets for the first time this is an unputdownable godsend.
