The reintroduction of the original Legion of Super-Heroes continues with Part 3 of Superman and the Legion of Super-Heroes! Shocked by the reasons for the Legions disbanding and the state of the United Planets, Superman embarks on a quest to find the one Legionnaire who may hold the key to saving the future: Brainiac 5. But a bizarre group of Legion enemies is hot on Supermans tail, and theyll do whatever they must to stop him - even if hes their greatest hero. Plus, whatever happened to Lightning Lass and Timber Wolf?
