

Alan Moore Neonomicon #3

(W) Alan Moore (A/C) Jacen Burrows
From the award-winning master of comics, Alan Moore, comes a brand new tale of Lovecraftian horror that will leave you too afraid to close your eyes, but more afraid to open them! NEONOMICON, the sequel to THE COURTYARD Graphic Novel, is slithering its way onto shelves to take its place as a Great Old One of comics terror! Illustrated by Moores favorite demented artist, Jacen Burrows, NEONOMICON pulls no punches as every full-colored page is covered in nightmares brought to gruesome life. Agents Brears and Lamper are missing. Vanished without a trace from Salem Massachusetts. And the only clues available to the FBI are the gibberish ramblings of Randolph Carter and a book of the occult that makes even less sense. But just because no one understands whats happening doesnt mean its not all real. The horror as only just begun, and theres a whispering, lispng laughter that sounds an awful lot like Johnny Carcosa... Alan Moores Neonomicon #3 is available with a Regular and Wraparound covers by Jacen Burrows, and a special rare Book of the Dead retailer incentive by Burrows. MATURE THEMES
