

How to Prepare for the AP English Literature and Composition (Barrons AP English Literature & Composition)

This brand-new edition has been thoroughly revamped to prepare students for both the objective and essay sections of the AP English Literature and Composition Exam. Separate chapters on what students need to know about poetry, fiction, and drama will help them achieve high test scores. Chapters include analyses of selected novels, plays, and dozens of poems often studied in AP classes. This guide also offers four complete practice tests modeled on actual AP exams. Answers to all multiple-choice questions are fully explained. An analysis of each essay question comes with suggestions for writing a thoughtful response.
