

April Fool Dead (Death on Demand Mysteries, No. 13)

Someone is playing a rather nasty April Fools prank on mystery bookstore owner Annie Darling. A felonious forger on the idyllic -- if rarely tranquil -- South Carolina island of Browards Rock has made it appear as if Annie is accusing some of her neighbors of murder. In the wink of a bloodshot eye, the Darling name is mud ... and then the Browards Rock body count starts mysteriously increasing. And now its up to Annie to follow the well-hidden trail of the vicious trickster -- or a secret slayers next lethal joke may very well be on her!

The next day she is found dead after a frenzied knife-attack. The police receive a second film of another unknown woman. There is no way of identifying her before time runs out. When her husband finds her he is so traumatised that he cleans the whole house and puts her to bed. He may have seen a vital clue, but is in such an extreme state of shock that the police are unable to question him. Psychiatrist Erik Maria Bark is called in to hypnotise him - but what the man tells him under hypnosis leads Erik to start lying to the police.
