

Relics: The Dawn: Relics Singularity Series Book 1

A computer system controlling the worlds resources. An ex-President who cant remember anything from the past fifteen years. Semi-insane survivalists that live and exist off-the-grid. This is Relics. Myers is a Relic. Cast out of society by a computer program thats far more efficient at managing and regulating human life than any human ever could be. The System is running everyones life. Its quickly becoming smarter than humans, and it no longer has any need for leaders like Myers. Theres a technological singularity coming, and only Myers knows how to stop it. The problem? He doesnt remember anything from the past fifteen years. And now hes being hunted...
