

Bitch Witch

Can good triumph over evil when evil runs in your veins? The problem is Sarah Elizabeth Archer doesn't have to put up with anybody's crap. Coming from a long line of witches who lost their souls to dark energy, Sarah is determined to change her fate. Turning her back on her birthright, she smothers her natural instincts with a boring job and quiet life. But when Sarah gets pissed off, all bets are off. And anything can happen when you piss off a witch.
