The stories, written by bestselling author Erin Kelly in close collaboration with Broadchurch creator Chris Chibnall, will consist of 100% original plotlines that are tied closely to that evening's episode. The stories will offer an unrivalled opportunity to spend more time with the characters, allowing you to delve deeper into their lives, histories and secrets in order to find out what really makes them tick. This first-time creative collaboration between author and series creator will enhance your enjoyment of the TV series in a completely ground-breaking style. You won't be able to wait for the next episode and story! Praise for the official Broadchurch series one novel: Loved the ITV series? They'll adore this clever read from psychological-thriller queen Erin. While a book based on a TV show shouldn't work, this really does...the big reveal still gives you a massive kick in the gut. The Sun This is the author's own take on the story, with even more atmosphere, emotion and twists than the TV original. Essentials Magazine Kelly's novelisation of the eponymous British TV series, works as both a classic puzzle and an unnerving portrait of a little English town wracked by a young boy's murder... Kelly folds a loving portrait of rural Dorset and a well-made whodunit into a painstaking account of the grief and unimaginable pain that follow in the wake of one child's murder. Kirkus **\*\*Starred\*\*** Review The narrative allows for an insight into the mindset of the

characters - from the baffled detectives to the raw despair of Dannys parents...a crackingly well-constructed crime story, with a wonderfully shocking conclusion.
