

Bender

Since high school everyone thought Jake Bender would end up behind bars; after all, he comes from a long line of bad boys. He spent years away from the place he called home. When he finally comes back, everyone thinks hes just a punk kid all grown up whos now running a dive bar called The Night Club. What they dont know is he heads up a special task force, which cleans up neighborhoods and makes them safe again. Stormy Ryan has always felt more comfortable with her books than with people. She loves to spend her days within the pages of her books. When her second-hand bookstore is robbed for the third time in as many months, her employees quit leaving her to run the shop on her own. With the pressure of having to deal with her shop and people, not to mention the declining neighborhood, she is at the end of her rope. When closing up her shop late one night, she is held up and the neighborhood bad boy saves her, putting both of them at the forefront of a psychotics obsession. Being bad has never looked so good.
