

## Compound Fractures

For more than twenty years, in nearly a score of bestselling crime novels, Stephen Whites stories of Boulder psychologist Alan Gregory have captivated millions of readers. Now Compound Fractures provides a riveting last chapter to the series. Nothing is as it seems to Alan, as unexpected threats and intimate betrayals force him to revisit a cruel ethical dilemma that turned his life upside down as a young psychologist. He has to judge whether the people reentering his life after long absences are friends or foes. He has to make sense of echoes of distant tragedies while he decides if there is anyone he can really trust. And as the clock ticks down, he must solve a deadly mystery in Eldorado Springs that has been brewing for more than a decade....
