

Bangkok & Pattaya (English Edition)

Bangkok & Pattaya is always worth a visit. With this combined guide, you will experience the diversity of both cities first hand. Visit ancient and magnificent temples, learn a lot about their history or take a night time boat tour over the Chaow Praya River, across the historic district. Allow yourself to become enchanted by the city in which tradition and modernity are so close together unlike anywhere else. In the second half of your holiday we continue to the seaside resort of Pattaya. Here you can discover other sights in and around Pattaya. Or visit the nearby islands of Koh Lan and Koh Phai, where it is ideal for hiking, relaxing at the beach and snorkelling in clear water. This guide is a great experience for the whole family and a must for those who want to learn more about the Land of Smiles and its culture and history. All address details are given of course as usual but also in Thai script. In this way you can find your destination safely.
