

Mystery, Thriller & Suspense Book 1 - The Cheat (A crime and suspense novel, crime fiction books) (A tale of lies and Infidelity)

It was my wife's mommy jeans, pink cardigans and ballet flats that drove me to look outside my marriage... Gabriel is a high-powered attorney with a beautiful wife and two adorable children. He has achieved success in record time, carved a name for himself in the legal arena, and can finally relax and enjoy the fruits of his labour. There is just one problem; Gabriel is bored of ...every bloody thing. While on a business trip to Vegas (Business in Vegas? Yeah right.) he encounters the blonde and voluptuous Sinead. Not only is she sexy, but she is uninhibited and totally unrestrained everything his wife isn't. Best of all, she asks no questions. Just the tonic he needs. Without further thought, he cheats on his wife, then parts ways with the mysterious, but unforgettable Sinead. What happens in Vegas stays in Vegas, right? WRONG! Back home, waiting at the airport to pick him up is his wife with their two children. He frowns at the sight of her pink cardigan, her ponytail and her mommy jeans. In fact, he feels ashamed downright embarrassed to call her his wife.

He's just about to walk up to his family, when Sinead appears. With a sexy smile, she beckons him over. He saunters over, prepared to sneak in one last kiss. But he's in for a rude shock. What Sinead whispers in his ear wipes the smile off his face. Right then and there, his life starts to unravel and results in this crime-fuelled, drama-laden, dark comedy and mystery thriller. If you enjoy crime stories with suspense, fast-paced crime thrillers, heartbreaking and heart-warming stories with great mystery and suspense, all told with humour, you will love this thrilling tale about a bored husband who learns that cheating can turn deadly. This crime fiction novel is free on Kindle Unlimited and is Book 1 in the Tales of Lies and Infidelity Series. Trailer for The Cheat: <http://youtu.be/6AhIgLx0QWQ>
