

Dead Hunger IX: The Cleansing

THE CLEANSING HAS BEGUN. Since 2011, Flex, Gem, Hemp, Charlie and their families have struggled to survive in a world gone dead. Nearly twenty years later, at the dawning of 2029, they are under siege yet again. After more than a decade of relative calm in the fortified city of Kingman, Kansas, A new onslaught of the walking dead has our heroes struggling to understand the reasons behind it. There is no time to come up with a plan. The fences appear inadequate and the Mothers and Hungerers are dead set on getting to the nourishment within ... Everyone must band together and use their skills if they are to defeat the hordes of walking dead. Join them as they give it their all ... one last time.
