

## Destined for Darkness (Desolace Series)

Frank Mancini had suffered with his abusive mother for many years, until the day that he snapped. After telling his friend, Johnny, about the incident, his friend encouraged him to leave Misty Hollows. Taking his advice, Frank journeyed across the country to California hoping for a fresh start. Shortly after his arrival, he met a beautiful woman. He was determined to hide his dark past from her, especially after finding out that she was a psychic, able to see both the past and the future of anyone she came into contact with. He managed to hide his secrets from her until several years after theyd gotten married and started a family. Fearing that she would turn him in to the police, he killed her. Not realizing that his son, George, witnessed this act, Frank decided to take him back to Misty Hollows. How would the memory of his mothers death effect young George? Would he follow in his fathers footsteps? Journey through the years, from infancy to adulthood, with George to see if he can resist the inner darkness!
