

## A Childs Eye View: Grahams Chronicles 1

Graham Parsons is a man ordinaire whose well-ordered life is changed beyond measure when he witnesses the manslaughter of a 7 year old boy, Christopher. Whilst holding the dying child he experiences a profound out of body experience and minutes later suffers a life threatening attack, leaving him with permanent disabilities. His recovery brings with it a telepathic connection with children who need help. An affinity which threatens his sanity, marriage and eventually his life. This tale of discovery begins with a fearful and confused denial which takes him to the edge of reason until eventually, he accepts and employs his remarkable gift with a charming pragmatism that disarms doubters and helps to salvage blighted young lives. His simple, candid honesty wins the support of four friends from very different backgrounds; Christophers mother, a GP, a Child Protection Officer and a Detective Sergeant. This story chronicles the shocking, moving and yet sometimes heart-warming episodes in his new life.
