

Enemy in Blue

Amazons bestselling cop thriller! READERS CHOICE REVIEW With so many people praising this book, why do you need to hear from me? Im writing this review because this book meets my 300 rule, i.e. 300 years from now, people will still be reading it, and still hooked page after page. Its a rare author that does that for me. -R.Matejek (5/5 stars) PRAISE FOR ENEMY IN BLUE, A THRILLER (130,000 WORDS LONG--PLENTY OF MEAT ON THIS BONE) For action, body-count and digging into the underworld of police politics- this is really a great read. However, I think the best asset of the novel is the incredible drawing of the antagonist - the evil Sergeant Shaver really shines. -K.Hall, author of Red Mojo Mama (5/5 stars) The plot is as gripping as it is chilling. The story flows smoothly, and each chapter ends with the perfect amount of suspense to keep you wanting more. A fantastic and exciting read, as I could not put the book down. -B.Burton (5/5 stars) A great first thriller for this young author. I would compare this story to John Grishams book of The Innocent Man. It is that captivating and more. -M. Bautista (5/5 stars) The first half of the book is non-stop action, raw, gritty, and suspenseful...I could not imagine what the 2nd half would hold. Turns out its a legal thriller, with suspense building more slowly but just as captivating. -Tx Rose (5/5 stars) YOU KNOW WHO YOUR ENEMY IS? The streets arent safe when your enemy wears a blue uniform and a gold badge. What if the good guys werent good? What if a cop went rogue and killed an innocent man? What if it was all caught on video and the cop would do anything to cover it up? Chase this lawless cop through the streets and to a scintillating final courtroom showdown with Cruz Marquez, a young attorney trying to nail down his enemy in blue. Find out if justice is served... READERS CANT GET

ENOUGH! This was a page-turner from beginning to end. -S.Owen, professional reviewer for Paper Mustang (5/5 stars) The plot plays out like an episode of Law & Order -- with a shot or 2 of tequila. -David F. (5/5 stars) Enemy in Blue grabbed me from page one and didn't let go until the last page was turned. I had to keep reminding myself that this was a debut novel... because it read like many of the seasoned legal thriller authors that I love to read and get lost in. -K.Velte (5/5 stars) Much like the script of an action-packed movie, Enemy in Blue will buffet you from one hair-raising scene to another -- and will always leave you pondering, who's the real enemy? -L.Capritta For anyone craving an action-packed thriller who can't get their fill of John Grisham, Tom Clancy or James Patterson... ENEMY IN BLUE is your next escape!
