

InHap*pily Ever After (Incidental Happenstance Book 2)

The secret is out, and Dylan is ready to go public with their relationship in a big way. The Penelope Valentine scandal, however, has made it much bigger than Tia ever anticipated. Shes the mystery woman everyones talking about, and once her identity is revealed, she must step out of her old life and learn to embrace her new celebrity and everything that comes with it. She wants nothing more than to put the past behind her and move toward the future, but there are still those who would begrudge her happiness... Lexi is at first relieved that she no longer has to bear the burden of keeping Dylans identity to herself, but soon discovers that having it out in the open only creates more complications. Ryan, her fiance, is blindsided by her revelations, and feels crushed under Dylans celebrity shadow. Then theres Bo Collins; the drummer for InHap who feels more for her than hes willing to admit. With all the manipulations, deceptions, and lies, can Lexi ever hope to find her own InHap*pily ever after?
