

Highland Wolf Clan, Book 2, The Alpha Decides

Cameron Sinclair, multi-billionaire businessman, and now he is also the Alpha Wolf, a position he never wanted. With his instinct to protect the Pack and those he cares for stampeding through his system, he struggles to awaken the white She-Wolf who now lies in a coma. Her fight to return from the darkness is one he watches closely, refusing to leave her side. Just when he thinks that the Pack is safe, another threat rears its ugly head. A threat far worse than the one hes dealt with, and one that could destroy not only his Pack, but the white She-Wolf. The emergence of a psychopathic killer is bad enough, but when that killer is an immortal Wolf the danger is tenfold. Can Cameron do what hed vowed never to do? Can he take on the role as Alpha and neutralize the threat? Or will he run, as far and as fast as he can? Book 2 in the Highland Wolf Clan series. Paranormal Romance With A Bite
