

NCLEX® Essentials: Med Surg: Everything You Need to Know to Demolish MedSurg

Tired of Cluttered NCLEX Review Books?

Imagine having all the information you needed in the palm of your hand in this quick reference book. Stop Struggling Through Nursing School Heres Your Lifeline With over 150 content packed pages ... you will never struggle with MedSurg again. MedSurg makes up the largest portion of the NCLEX exam as well as nursing school courses. This book outlines the must know and most critical information needed to comprehend, demolish, learn and understand at a faster rate without all the FLUFF of traditional review books. With tons of images and outlined content this is a shortcut to med surg success. Body Systems Covered:

Cardiac Respiratory Neuro Renal and Genitourinary Metabolic and Endocrine Musculoskeletal Immunological Integumentary Hematologic/Oncology Eye, Ear, Nose and Throat Literally Hundreds of Disease Processes Covered With each section the nursing care, basic A&P, and medical management is also covered so that you can answer any NCLEX review question with confidence and prepare to provide holistic nursing care. We have literally broken down the most complex portion of nursing school and the area where more students struggle than any other and handed it to you on a silver platter. Toss out the boring powerpoint slides and useless handouts from your professors. Stop trying to read 5,357 pages each night in your NCLEX prep books ... its all right here! With this book you will not need to sift through countless books to try to find the information you need for your exams. Includes images, graphs, charts, and diagrams to help you see the information as you read. From Jon Haws RN CCRN and NRSNG.com Scroll up to buy!
