

Gods Lions - The Dark Ruin

Forty years after a mysterious billionaire disappears, he suddenly resurfaces with a dark secret that shocks the world. In this enthralling third novel in the Gods Lions series, Cardinal Leopold Amodeo is once again teamed with a group of scientists and archaeologists who are led to the inescapable conclusion that a very real evil has arrived in the world. Based on recently de-classified documents and real-life technological breakthroughs that are already on the drawing boards, author John Lyman takes readers on a wild ride into a future that is already here.
