

## Tesseract Sixteen: Parnassus Unbound

The first Tesseract anthology was edited by Judith Merril. Since its publication in 1985, 264 authors/editors/translators and guests have written 443 pieces of Canadian speculative fiction, fantasy and horror for this series. Some of Canada's best known speculative fiction writers have been published within the pages of these volumes - including Margaret Atwood, William Gibson, Robert J. Sawyer, and Spider Robinson (to name a few). Tesseract Sixteen is the seventeenth volume in the series. The entire series includes Tesseract One through Sixteen, and Tesseract Q, which features translations of works by some of Canada's top francophone writers of science fiction and fantasy.
