

The Glen: Suspense Thriller (The Glen Series Book 1)

There is something different about Jackson. There always was, but when the savant six year old begins to suffer catatonic trances, his mother, Clarice fears he sees the same demons that haunted her past, a past she hides from her husband and even in some way from herself. When the tiny family relocates to a remote property in Ithaca NY, Clarice's destiny has drawn them there and completely unaware of the satanic cult plotting to kill their son, Clarice and John must learn the purpose of THE GLEN before it is too late for their son. But will discovering the reason Jackson's son needs THE GLEN prove as perilous as delivering him to it? Both a mystery to unravel and a suspense thriller to excite, THE GLEN is filled with biblical clues that foreshadow the apocalyptic riddle. THE GLEN is classic horror, a tale of good versus evil and the first in The Glen Trilogy by Carla Coon. This series is great for those who like believable suspense thrillers with a touch of paranormal and the occult. Also a fine choice for readers who look for clean writing, free of foul language and adult themes.
