

One Night Stand

Lucy is used to having a handle on things herself: her business, which she's fighting to turn around after a rough patch, and her love life, which consists of carefully conducted casual encounters during which only she calls the shots. A one night stand with George, the irresistible tall, husky, rough biker whose deceptive exterior hides a gentler side, changes everything. Her usual approach doesn't work for her anymore: she doesn't want to say goodbye. Is it time she let someone else into her life for longer than just one night? Meanwhile, the crucial project she's just landed is about to fall to pieces, threatening her reputation as well as her finances. Suddenly Lucy has to learn what it's like to not be in control of anything at all.
