

Scales of Justice (The Ngaio Marsh Collection)

A brutal murder with a golf club and an ingenious plot bursting with snobbery, suspicion, adultery and secrets to say nothing of the dreadful crime of fratricide. The lives of the inhabitants of Swevenings are disrupted only by a fierce competition to catch the Old Un, a monster trout known to dwell in a beautiful stream which winds past their homes. Then one of their small community is found brutally murdered; beside him is the freshly killed trout. Both died by violence but Chief Detective Inspector Roderick Alleyn's murder investigation seems to be much more interested in the fish.
