

Dreams Of Sarah

When John Watts hits it big, coming from nothing to working in a top banking firm he had no idea he would find love. But when he did, he knew it, and she knew it. Sarah Flannigan. A young, free spirited woman. Capturing the love, they build a relationship together in the town of Terra Falls. As their relationship reaches new horizons, John knows for certain Sarah is the one for him, the woman to spend the rest of his life with. Purchasing a ring and taking Sarah to the beautiful Lucid Lake out in the country to propose and secure the rest of his life, tragedy befalls John. Waking up in the hospital, John has no recollection of who Sarah Flannigan; his supposed Fiance is. Diagnosed with retrograde amnesia, John sets out on a desperate attempt to find and uncover his lost memories. Turning to Doctor Goodman for help, John curiously tries a technique known as Lucid Dreaming; dreaming as if you were awake and could not only control yourself but feel and experience every little detail. Diving into his unconscious John searches for his lost memories, for his love, and feels everything. Unknowingly, Johns dreams turn to nightmares from suffering with post-traumatic stress from the tragedy days before. Johns life now becomes a tormented, twisted quest to choose his previous life and love, or his own sanity. How far would you go? And have you ever been in love? Dreams Of Sarah is a romantic thriller; taking you on a whirlwind tale of love and desperation to hold on to what is most precious.
