

## Righteous Fury

Torn between past mistakes and her affinity for impossible relationships, Codi Emery is cast into a web of deception and intrigue. Her new assignment in a compartmented facility, shrouded in extreme defensive measures and secrecy, pits the young intelligence analyst against her emotions and naivety on what's best for her career, and herself. Serendipitously, Codi discovers an Arcanum program of clandestine operatives sanctioned not by the government but the ire of a select group of patriots with a bold plan to rewrite history. She struggles against competing factions, her loyalty and her core beliefs. When she confronts her findings, something beyond her nightmares, the quest to understand the line between honor and treason puts her at risk from a rogue element. Only the strength and determination of a young maverick marine can save Codi from herself.
