Celebrities Favourite Pets: In Aid of the PDSA

Celebrities Favourite Pets has been put together in aid of the PDSA (Peoples Dispensary for Sick Animals) who provide free veterinary treatment to sick and injured animals. This fun book provides a fascinating insight into the favourite pets of people in the public eye and, along with the obvious choices, there are bound to be one or two surprises as we find out which animals celebrities choose to get close to. Hopefully the book will also get people thinking about the relationship we have with our pets. With a fitting forward by Bob Champion MBE, this book supports the work of the UKs leading veterinary charity and reminds us of the responsibility we all have towards ensuring that the nations pets are happy and well looked after.
