

Shifter

Jamie Race is on the run. Not surprising for the worlds first shapeshifter. All that stands between Jaime and a lifetime of incarceration are his wits, his unique ability and two girls, Amy and Celeste. A clandestine government organisation, the Company, killed his mother and is pursuing him relentlessly. Things couldnt get much worse. Wrong. To complicate matters, Jamie suddenly develops the ability to change into females. How does a nineteen year old boy of limited sexual experience cope when he suddenly finds that a macho biker who saves his life has the hots for him? Or rather, her. What is his circus star girlfriend, Celeste, going to say when she learns out that he slept with a biker? Not to mention the gay martial arts instructor, Amy, who falls for him when he is a girl... Jamie seeks refuge with Theo Tanis, a millionaire businessman with a secret life. His first mistake is discovering Theos deadly passion. His second was falling for Theos super model girlfriend, Samantha. He soon learns it isnt wise to piss off a serial killer. Jamie leads Theo and Dr Locke, the Companys ruthless scientist, on a wild and hair raising chase through the wilds of outback Australia, with his freedom and his life at stake.
