

## Sinister Attachments: Rancor, #1: A Paranormal Psychological Thriller

Sometimes, resentful spirits pursue souls until they get what they want vengeance and sinful pleasures. (Book 1) After Maggie McGees husband had committed suicide in their home, Maggie needed a place to live that would not remind her of the recent tragedy. She finds an affordable apartment in an old building sitting on a bluff along the shoreline of Lake Michigan. Maggie knew the building used to be a tuberculosis sanatorium, later transformed into a psychiatric hospital until finally closing its doors in 1969 due to patient abuse. However, what she did not know was that sometimes, sinister attachments from the past pursue souls until their evil needs are satisfied. Maggie questions her sanity and grasp of reality, as diabolic and envious predators work against her in this paranormal, psychological thriller.
