

Stolen Memories, a Magical Steamy romance

Memories are locked away, and must be released to banish the wrongs that have been done. A Stolen Hearts Valentines Tale Kinsey loved Shawn to much to risk the consequences of being together, forcing her to make him leave. The wrong choice would have opened the forbidden lovers to pain, banishment and death. He is a warlock, she a lowly quarterling. They come from different worlds, worlds that have warred for centuries and their love is doomed. Until someone steals the locket and key left to her by her mother and Kinsey must make the call and ask for Shawn's help. The Stolen memories of a witches coven must be released and is their only chance at love.
