

The Way Love Goes 3 (Volume 3)

All is far in love and war. At least that's how the saying goes. Aleyah is learning this the hard way with being in a relationship with Tariq. Their entire relationship has been a test of faith. Now with Desmond out of the picture will things between them be back to normal again? What about the baby that Bria is pregnant with? Did either of them survive? Erin on the other hand may have found love in someone she never looked at twice. Haneef is truly a hidden gem up under his gangster exterior. They say that unexpected love is the best; but the unexpected secret Erin has been hiding may be what tears them apart. Her past may interfere with her current situation if Shawn finds out about the secret she's kept from him. Shawn has been driving himself crazy trying to figure out where Diamond has been. His world has taken a turn for the worst within the past couple of months. He lost the girl he truly loves and is scared that he may lose his sister as well. Find out if love prevails all in this last installment.
