READER REVIEWS: A very interesting read - my first paranormal romance of this type. I really enjoyed this book and the relationships between the characters. The story is about everyone's willingness to do what is taken to keep each other safe and happy. The plot was good as it was something different. If you like paranormal soap operas, this is the book for you. This 17,000-word episode is the third installment in The Animal Sagas - Thrown to the Wolves, a paranormal romance that follows the complicated relationship between the Seron sisters and the Strongheart werewolf pack. (A quick and enjoyable lunch time read! Do you read while eating lunch too?) Notice: This werewolf romance series contains some violence and many shapeshifter love scenes that are fully realized. Recommended for ages eighteen and up. Part of the The
