

BILLIONAIRE DESIRES (Billionaire Steamy Romance Novella)

Phillip has the world at his feet, Melody is trying to find her feet in the world. Melody is fiercely strong and proud. Phillip is certainly confident and assured. A chance encounter and a cup of coffee cause two opposite worlds to collide! ...She looked up at him then, mad and intent on lashing out at him for the mess he had made, but she felt him holding her still, and what replaced her feelings of anger when she turned to look at his muscular hand on her arm was totally unexpected. She should be infuriated still, but her skin only burned with desire as she thought of throwing herself fully into his capable arms, and feeling his solid embrace as he crushed her against his chest.... *** BILLIONAIRE DESIRES is a standalone billionaire steamy romance novella with a happy ending ***
