

The Fun Parts: Stories

A boy eats his way to self-discovery, while another must battle the reality-brandishing monster preying on his fantasy realm. Elsewhere, an aerobics instructor?the daughter of a Holocaust survivor?makes the most shocking leap imaginable to save her soul. These are just a few of the characters you'll encounter in Sam Lipsyte's richly imagined world. Featuring a grizzled and possibly deranged male doula, a doomsday hustler who must face the multi-universal truth of the real-ass jumbo, and a tawdry glimpse of a high school shot-putting circuit in northern New Jersey, circa 1986, Lipsyte's short stories combine the tragicomic brilliance of his beloved novels with the compressed vitality of *Venus Drive*. *The Fun Parts* is Lipsyte at his very best—a far-ranging exploration of new voices and vistas from the most consistently funny fiction writer working today (Time).
