

Idle Thoughts of an Idle Fellow

Over 100 years since it was first published Idle Thoughts of an Idle Fellow addresses subjects which are still relevant today - perhaps more so! Being hard up, being in the blues and being in love are just some aspects of the human condition on which Jerome K. Jerome reflects in his unique whimsical fashion. These insights are not given for the benefit of our education however, for as he says in his introduction, This book would not elevate a cow. I cannot consciously recommend it for any useful purpose whatsoever. All I can suggest is, that when you get tired of reading the best hundred books you may take this up for half an hour. It will be a change! About Assembled Stories: Over the years the national press have reviewed Assembled Stories titles as excellent, remarkable, entrancing, superb, magic for sure, masterly, wonderful, a class act and a splendid example of audio at its best.
