

The Naked Typist (Steve Winslow Mystery Book 4)

When Steve Winslow helps a young secretary bring a wrongful termination suit against her former employer, its not a particularly interesting case, except for the fact she was hired to type in the nude. That and the fact she doesnt stick around to pick up her settlement check, and turns out to have given a phony name. A courtroom drama to stand with the best of them. Philadelphia Inquirer Delightfully devastating. Los Angeles Daily News An intriguing test of the readers powers of observation and deduction. Booklist Intriguing...compelling...command s your unwavering attention. Pittsburgh Press Brilliant courtroom scenes...outstrips the competition. Drod Review of Mystery
