

Poetical Works of William Wordsworth. In Five Volumes.

Original first complete set of poetical works by William Wordsworth, during his lifetime. Complete in five volumes. Ode: Intimations of Immortality from Recollections of Early Childhood, one of Wordsworth's greatest works, is in volume four. Generous notes elucidate his poetry. Wordsworth's works were highly regarded in his own time, and subject to pirating. Thus he approached a publisher to produce his own collection. Volume I: In these Volumes will be found the whole of the Author's published Poems, for the first time collected in a uniform Edition, with several new Pieces interspersed. In this edition the poems underwent drastic revision, with poems added such as the entirety of volume five, The Excursion.
