

The Pregnancy Contract

If she bears his child, hell forgive her debt. The proposal is unthinkable, unimaginable yet not unappealing. Long ago, Piper Mitchell's passionate affair with her father's protégé ended in disaster. Now, in spite of his demands, she's thrilled to begin it anew especially if it means a chance at forgiveness. Wade Collins has longed for revenge on the spoiled rich girl who toyed with his affections. And now that Piper is back destitute and deeply indebted to him, hell use any means necessary to get her back in his bed. But when emotions enter the negotiation, will Piper turn the tables yet again, settling for nothing less than love on her terms?
