

## The Strange Death of Fiona Griffiths: Fiona Griffiths Crime Thriller Series Book 3

British detective Fiona Griffiths, one of the most engaging female protagonists in crime thrillers, is back with a tough case to solve. A woman starved to death. A computer guy with his hands hacked off. The grim clues leading to the heist of the century. When DC Fiona Griffiths and her colleagues realise they're staring at one of the world's most audacious robberies, she's asked to take on the challenge: will she go undercover to penetrate this criminal gang from within? When a gang adopts her as one of their own, she's totally alone, vulnerable - and dangerous as hell. This international smash hit series is ideal for fans of Stieg Larsson, Jo Nesbo - or anyone else who loves their crime noir and their protagonists strong, female and unique.
