

Valentina Goldman Ships Out

After her husband's unexpected departure a year ago, poor Valentina is stuck. Help arrives in the form of an unwelcome guest: her mother, who shows up unannounced at Valentinas doorstep to take her on a 12-day Mediterranean cruise full of unexpected detours. If you've always longed to go on a cruise, ship out with Valentina. And if you've never wanted to go on a cruise, go anyway. You'll likely find yourself alternately delighted and surprised by her quirky encounters at sea and alluring ports of call. In tightly wound language shimmering with wit and longing, *Valentina Goldman Ships Out* is a moving portrait of a woman looking for answers and coping with loss, even when the waters are deep.
