

## Zombies Dont Know When to Knock (The Donts of Zombie Hunting)

Emily Bradley has saved her sisters skinny ass from zombies. She has survived when almost everyone she knows is dead. Now Sergeant Jordan Parks, her sister Coralees apocalyptic squeeze, has led them into a situation filled with chaos and death at Fort McCoy. Its time for Plan B. Emily finds herself on her own, running from a group of mindless, flesh eating zombies, until two very hot and still very much alive men come to her rescue. Yankee and Thad are just what the doctor ordered. Emily wants to give her rescuers a proper thank you. The men are good with their... manly weapons... and not just while fighting zombies. Emily cant think of a more stress relieving way to show her appreciation than to get naked with her handsome heroes!
